**MEDUSA  
Combi**  
with pull-out case

A new modification of the **Medusa Combi multi-deck cabinet with a pull-out expositional surface** for selling meat and poultry in self-service mode.

**Two refrigerated volumes.** The upper volume is for packed goods. The lower one with a pull-out expositional surface is for weight goods that the buyer can choose and weigh on their own.

**Temperature range -1/+4 °C.**

It is connected to the cooling system.

**Standard set:**

- body and all parts of the cabinet that are in contact with food made of galvanized steel
- painting in any RAL color
- led lighting of the upper and lower volume
- energy-saving glass doors and covers
- tempered safety glass and double-glazed windows
- aluminum bumper
- controllers, thermostatic and solenoid valves Danfoss (Denmark) / Carel (Italy).

**The pull-out expositional surface** makes it easy to load products in boxes and containers.

A good view of the products in the cabinet is achieved by the height of the display «windows» and the lighting in the upper and lower volumes.

**Option:**

- exposition surface of food grade stainless steel
- shelves lighting
- painting the bumper in any color according to RAL
- decorating the front panels of the cabinet «like a tree».

**Technical data of MEDUSA Combi with pull-out case**

Length without sidewalls, mm	Cooled exposition area, m <sup>2</sup>		Cooled volume, m <sup>3</sup>		Qty of shelf levels, pcs	Sidewall thickness, mm	Temperature, °C	Cooling capacity, kWh	Electricity consumption, kWh/24 hours maximum power, kW/h	Voltage, V
	Top volume	Lower volume	Top volume	Lower volume
